ACCESS MAJOR AREAS FROM BUGIS

In the centre of Downtown Core within the Central Area of Singapore lies Bugis, an area offering a combination of new and old Singapore culture.

The old Bugis Street is now a large avenue full of street food stalls and traditional back-alley market stalls.

Just across the road from Bugis Street lie shopping malls like Bugis Junction and Bugis+. Nestled amidst conservation shophouses from a bygone era, Arab Street and Haji Lane are a skip and a hop from Bugis. An open air shopping street filled with hipster boutiques and cafes by day, the area comes to life at night with cocktail bars and live music.

Should your feet lead you South towards Downtown Core, take the opportunity to explore the Peranakan Museum and the National Gallery Singapore, or visit Chinatown, the Raffles Place Central Business District and more.
